

## ***Gerard O'Malley: Why I Am Running for Re-Election***

I am running for reelection because I want to continue to serve the people of Newtown. I have a proven record of accomplishment and I'm ready to shape the future of Newtown. My goal is to keep our unique sense of place and history as we move forward. I enjoy working with the community to find the best answers in areas such as pedestrian safety, traffic, parking and future development. We need to be pragmatic and develop with Newtown in mind. I will continue to carefully control how we spend taxpayers' dollars and continue to be transparent in decision making. I will lead as an individual member of council and will work together with the other five members of council to find the best solutions for Newtown.
